

Dilpreet Jammu, Board Member of Convergent Communication Technologies, Speaks at Technology Assurance Group's Regional Meeting

*West Coast's Elite Business
Communications Providers Discuss
Issues Impacting Their Industry*

LINCOLN, NE — October 15, 2007 — Convergent Communication Technologies, the region's leader in business communications, announced today that the company's president, Dilpreet Jammu, spoke at Technology Assurance Group's Western Regional Meeting recently held in Denver. Technology Assurance Group (TAG) is an organization of independently owned business communications companies representing over \$385 million in products and services in both the United States and Canada. Mr. Jammu shared his expertise and valuable insight on a number of issues impacting the West Coasts' elite providers and their customers.

Mr. Jammu discussed such topics as the impact of the latest technology like VoIP, how to enhance network infrastructure, how to exceed customer expectations by increasing their profitability and giving them a competitive advantage, and utilizing marketing to effectively communicate to the target audience. Mr. Jammu is an expert in each one of these subject areas and was able to share specific examples from his own business experiences.

"Mr. Jammu was a natural fit to participate in this valuable meeting. His reputation far exceeds those of his competitors and this is directly attributable to the better business

practices he has implemented over the years," commented Dale Johnson, CEO of TAG. "Dilpreet is dedicated to exceeding customer expectations and has built a team of knowledgeable professionals committed to this philosophy."

"It was a privilege to share our experiences and offer advice to our colleagues," stated Mr. Jammu. "We are proud at what we've accomplished over the years serving the area's businesses and speaking engagements like this is one way we can help others learn from the manner in which we conduct business."
